English Literature: 7

Mathematics: 8

Computer Science: 9

AS-Level:

Computer Science: B

Mathematics: C

Physics: C

A-Level:

Computer Science: D

Mathematics: D

Physics: D

I have just finished studying A-Level Mathematics, Computer Science and Physics at Burnley College.

Due to the pressure and difficulty of A-Levels, I am more than capable of completing tasks before a deadline, and is able to manage and break up difficult tasks so they can be completed efficiently.

Due to high grades in logical based subjects, I believe this shows that I am capable of completing any problem that is presented to a high standard. Building on this, I will be able to learn and familiarise myself with new tasks that I have not done before; which is extremely valuable in a work place. In addition to logical skills, I also have communication skills and is able to interact with new people in a professional and friendly manner. I am enthusiastic about my working life and will be a friendly face for my co-workers.
